## 2023

### **TOYOTA TSUSHO MEXICO S.A. DE C.V.**

**Toyotetsu de Mexico, S.A de C.V., Apaseo el Grande, Guanajuato.**

- 1200 Tons Komatsu press, Coil line re-installation.

### **KAWASAKI MOTORES MEXICO.**

**Salinas Victoria, Nuevo León.**

- Supply and installation of Electrical infrastructure phase #1.
- Supply Lot of Electrical switches, phase #2.
- Machinery installation Welding #1 and Fabrication #1 shops, as well as Electrical and pneumatic drops, phase #2.
- Machinery installation Gear line as well as Electrical and pneumatic drops, phase #2.
- POGLIANO busway supply, phase #2.
- Machinery installation Welding #2 shop, Fabrication #2 shop and Daifuku Assembly line #2, as well as Electrical and pneumatic drops, phase #3.
- (2) set GFRP Spray booth complete installation, as well as Electrical and pneumatic drops.
- Machinery installation Welding #3 shop and Daifuku Assembly line #3, phase #3.

### **WINDSOR & ASSOCIATES INTERNATIONAL**

**DANA Escobedo y Apodaca, Nuevo León.**

- Mezzanine Steel structure fabrication and installation for Assembly lines Avantek, 404, HT, Future line, and Sequencing, as well as infrastructure electrical, pneumatic and lightning each line.
- Layout relocation Assembly lines Avantek, 404 & HT ( pneumatic & electrical interconetion included) from Dana Apodaca plant to Dana Escobedo plant.
- Steel structure fabrication and installation for Lift Assist #1 to #7 as well as infrastructure electrical, pneumatic and lightning each lift assist.
- Mezzanine Steel structure fabrication and installation for Balancer Sequencing line as well as infrastructure electrical, pneumatic and lightning each line.

### **COMAU AUTOMATIZACION, S.A Nemak**

**Mexico, S.A. Garcia, Nuevo León.**

- EVA-2 Daimler battery tray, automatic cell installation.

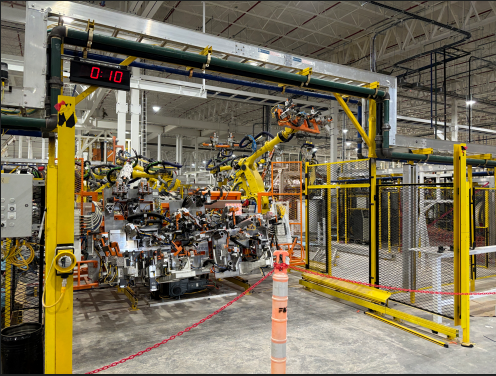

### **VALIANT DE MEXICO, S.A.**

**Nemak Mexico, S.A. Garcia, Nuevo León.**

- Automatic cells installation, EMC-2 new plant.
- Automatic cells installation, EMC-1 new plant.

**COMPLETE EQUIPMENT INSTALLACION SERVICE FULL SERVICE IN MEXICO**

## **NISSAN MEXICANA, S.A de C.V.**

### **Aguascalientes, Aguascalientes.**

- Machinery installation for P42QRS project, foundry plant, A1 complex
- Manufacturing of tooling cell P13C, planta Body Shop, complejo A1
- LPDC furnace relocation, foundry plant, A1 complex
- Second phase, Machinery installation for P42QRS project, foundry plant, A1 complex
- HEM install P13C INC, Body Shop plant, A1 complex
- Maintenance of extractors, as well as electrical connection for control renewal, foundry plant, A1 complex

## **TOYOTA TSUSHO MEXICO S.A. de C.V.**

### **Kawasaki Motors México, Salinas Victoria, Nuevo León.**

- Machinery installation, as well as electrical and pneumatic drops, final assembly line #2, phase #3
- Machinery installation, as well as electrical and pneumatic drops, Welding line #3, phase #4
- Machinery installation, as well as electrical and pneumatic drops, final assembly line #3, phase #4
- Supply and installation of lighting system and compressed air header, final assembly line #3, phase #4
- Steel structure fabrication and installation, final assembly line #4

## **COMAU AUTOMATIZACION, S.A.**

### **Metalsa, Apodaca, Nuevo León.**

- Body Shop equipment installation STLA project
- Manufacturing of operator platforms for the STLA project

## **COMAU AUTOMATIZACION, S.A.**

### **Derramadero, Coahuila, Stellantis Mexico**

- Body shop equipment installation STLA DT project
  - Framing line, Underbody line, Body shop LH/RH line
  - Front Floor line, Rear Floor line, Ladder line, Marriage line
- APC's steel structure fabrication and installation STLA DT project

## **CMF(Canadian Machinery Forward )**

### **Dana, Escobedo, Nuevo Leon**

- Several equipment relocation from Dana Apodaca to Dana Escobedo
- Steel structure fabrication and installation for lift assist (different areas)
- Lighting system each steel structure lift assist
- Compressed air loop and drops each lift assist steel structure (different areas)
- 800 Amp busway supply and installation

## **Dana, Apodaca, Nuevo León**

- Tear down all obsolete equipment and old electrical and piping drops etc
- Supply and installation of electrical infra-structure for (9) Vipper lines
- Presses and machines installation for (9) Vipper lines
- Compressed air loop & drops, localized lighting, 127 VCA and 220 VCA electrical outlet etc for (9) Vipper lines
